

# Front-End Web Development

Unit 19: Review and Assessment Week 3

## **Objective - Work on your assessment/project under the following guidelines:**

**1. Q & A** - 15 mins

**2. Project Work** – 2 hours

**3. Break** - 15 mins

**4. Documentation Review** – 15 mins

Ensure to document your project thoroughly as it must be included in your final submission

**5. Q & A** - 15 mins

## **Project Work Week – 2 hours**

### **Feature Completion**

- Continue to develop and finalize remaining features
- Ensure that the product aligns with the initially set goals and objectives

### **Integration**

- Make sure all components of the application work seamlessly together

### **Comprehensive Testing**

- Conduct thorough testing, covering all possible user scenarios including error conditions
- Document and rectify any bugs or errors identified

## **Project Work – 2 hours**

### **Optimization**

- Improve performance, ensuring the application runs efficiently
- Refine any UI/UX elements based on feedback or user testing

### **Preparation for Launch**

- Ensure everything is set for deployment live on GitHub Pages/Render.com
- Finalize documentation including URL for live website
- Review Project Brief and How-To Guide to insure all deliverables have been completed
